Societies Celebrate To-Morrow Night. on Tuesday Evening the Graduating Class Will Hold Forth, and Banquet Scheduled for Wednesday.

The curtain will be drawn this week on the 1896-'97 scholastic year of Richmond College. This very evening is the bening of the end. Indeed, the work a been done aiready, and it only remains to place the wild olive wreaths upon those brows which honest toll has de worthy to wear them. The sunof the year is as bright as the most gealous friends of the college could wish, and its red glow is an harbinger of the or to-morrow. The work of the year has been characterized by great steadiness and faithfulness.

As an introduction, the attendance has very gratifying, and the cry of hard mes, and the real cause for that cry, has not debarred 216 students from enrolling their names upon the college reg-

From the very opening of the session

REV. DR. W. T. CHASE.

The year has passed quietly and conduct in the class-room out has been of a very high order, erests of the college is extended to sindents, and without of the classm they are placed under no more confrom they are placed unfor no more straint than that which rests always upon a Christian gentleman, yet in not one instance has that privilege been abused. The college management has been the honor system among gentle-

In the student body these are two facts especially prominent. More States are represented than ever before in the hisof the college, and beyond this appears the remaining circumstances that the students of this session were at the very opening of the year far better pre-pared for the classes they wished to enter than in previous years. There is a mean-ing enwrapped herewith. More young men who entered to take a course through college are beginning in good high schools men who entered in good high schools college are beginning in good high schools and academies, and these important factors in thorough and significant edu tion are becoming what they should-feed-

It means still more. Richmond College is becoming, because of its superior corppriceless facilities for broadest culture the nucleus about which these excellent schools are clustering.

SCHOOL OF ENGLISH BIBLE. With the opening of the passing ses

sion was founded in the college a School of English Bible, and the venerable and scholarly H. A. Tupper, D. D., placed at its head.

During the year twenty-nine earnest

students have sat at his feet and drunk

J. W. T. M'NEIL

(Salutatorian.) in the lessons of his broad Christian culare and full, rich Christian experience. text-book, and two hours of two days of each week are given to the study, not so critical, but painstaking, loving study of the Gospels and the matchless writings of the "Roman Christian." The course has not by any means been a pastime. Only a few days ago the classes were equired to undergo rigid examination and to those who attain the standard will

OSCAR L. OWENS, 1779 (Valedictorian.)

its life, the school has become already in much favor, and is really doing a good and greatly needed work, filling in Rich-mond College a certain want felt in every college in the land.

IN HALLS OF HISTORY. Until this year there had been no pre-scribed course in the study of history in the college, but now a flourishing

THE COLLEGE CLOSES school has been provided, and Professor Mitchell, than whom a better man could hardly have been found, was placed at its head. In former years Roman his-tory was studied in the Latin senior class, and Greek history by the Greek senior class. There has been no change

MERCER HARTMAN.

(Mu Sigma Rho Orator.) here, but those who may not ever reach the difficulties locked in these senior years can yet partake of the pleasant things in the narratives of pioneers in modern civilization. Not only are his-tories of these countries taught, but general history as well.

Of the time-honored schools, mathematics, though difficult, and oftentimes to many students unpardonably dry and tedlous, leads all the rest in number enrolled-138. Professor R. E. Gaines is head professor in this school, and the real earnestness with which he endea-vors to interest his students in what interests him so much, and his readiness to assist the plodding Newton, have done a great deal towards lessening the bugbear of patient toil. The next school in point of numbers is that of Latin, under Professor Mitchell, the enrolment being 133. Then, in review, passes Dr. Pollard's classes of Englishmen-in all,

are represented-181 from Virginia, 8 from South Carolina, 7 from Maryland, 5 from North Carolina, 5 from Georgia, 3 from Florida, 1 from Tennessee, 1 from West Virginia, and 1 from Kentucky

THE CLOSING EXERCISES. The commencement sermon will be preached by Rev. W. T. Chase, D. D., of Philadelphia, this evening in the college chapel, the services beginning at 8:15 o'clock. Dr. Chase is pastor of one of the most influential churches in the "City of Brotherly Love," and Dr. J. M. Stifler, of Crozer Seminary, whose own excellent sermons have ranked him in the estimates of Richmond's people second to none, speaks of him as a sermonizer and an orator in mast flattering terms. He is a speaker of many finished qualities, and that Sunday after Sunday he fills his own great church in the northern city is sufficient to assure that all will hear him this evening who can get within the sound of his voice.

of the Philologian and Mu Sigma Rho

C. E. STUART.

Literary societies will take place, also in the chapel, as will all the finals of the session.

The salutatory will be delivered by Mr.

J. W. T. McNiel, of the Philologian, The two orators are Messrs. B. Mercer Hartman (Mu Sigma Rho)-subject, "Tenny-son," and C. E. Stuart (Philologian)subject. "Our Country's Call."

Mr. O. L. Owens (Mu Sigma Rhe) will deliver the valedictory address. At the close of these exercises proper the medals of the societies will be awarded. exercises of the graduating class The exercises of the graduating class will be held on Tuesday evening. Mr. W. E. Gibson, a candidate of the Bachelor of Arts degree, represents the academic department, and Mr. J. R. L. Johnson, a candidate for the Bachelor of Law degree, will sustain the honors

of his class.

RECEPTION AND BANQUET. RECEPTION AND BANQUET.

Following the orations of these gentlemen will take place one of the most pleasing features of the commencement—the president's reception. All who attend this evening will be invited to the Library Hall, where President Beatwright and wife, assisted by the faculty, the process and wives will their wives, the trustees, and wives, will hold a reception. All will be made to enjoy themselves and feel that they are just where, of all the places in the world, they would like to be.

world, they would like to be.

Wednesday evening the annual reuion and banquet of the Alumni Association will be held at the Jefferson. The toasts to be responded to are as follows:

Richmond College-President F. W.

The Society of the Alumni-Rev. R. H. Pitt, D. D. The Class of 1897-

Our Country-The Preacher-Rev. William E. Hatch-

Doctor-Stuart McGuire, M. D. The Doctor-Stuart McGulre, M. D.
The Lawyer-J. Garland Pollard, Esq.
The commencement proper will be held
Thursday evening, and with the exencless of conferring of diplomas and degrees, with the award of college medals,
and with the address of the president
to the graduating class, will pass into
the history of the college the session of

the history of the college the session of Monnean Tribe of Red Men.

Monacan Tribe of Red Men.

On the last regular council sleep of Monacan Tribe of Red Men the wigwarn appeared to be a veritable one, indeed. A novice would have thought it was occupied by the aborigines. All the chiefs, braves, and warriors, &c., had on their war-paint, and being bedecked with their Indian costumes, they were on the trail of three or four palefaces, who said trail of three or four palefaces, who said they wished to learn how to trail and They were taught in the Adoption and Hunters' degrees. The ceremonies of this order, and especially of this tribe, are very impressive and beautiful. This tribe will have, on next council sleep (Thursday), two or three palefaces for adoption and several for the degree.

An examination of Teneners.

An examination for those who desire to obtain licenses to teach in the public schools of Richmond will be held at the High School building on Tuesday, June 22d, beginning at 9 A. M. This examination is not intended for graduates of the two High Schools. two High Schools.

Libbey Cut-Glass-incomparably beautiful, so far beyond all other makes in brilliancy as to be at once noted, carries the Libbey out on Glass Co.'s trade-mark "Libbey" cut on every piece; accept no substitution.

क्रिक्रक्रक क्रक्रक्रका Third Week of Closing Sale

Our Ladies' Department.

And we are just that much more determined not to have a single garment left on our hands July 1st. WE CAN'T HAVE_that's all there is to it. They must be cleared out within these next few remaining days. .

To-morrow's shoppers will find that prices have taken another tumble. It's compounding loss. But it's making sure of the end.

Splendid assortment of sizes and styles yet. Takes more than one week of even such enormous selling as we've been doing to turn out a stock of the proportions of this one.

You can buy for now-and buy for fall, toobecause many of the weights and styles will be desirable then. Being exclusive effects their fashion life is prolonged.

Seize the opportunity while the opportunity

MARKET QUOTATIONS.

REPORTS FROM ALL GREAT BUSI-NESS CENTRES OF THE WORLD.

Prices of Money, Bonds, Stocks, Grain, Tobacco, Cotton, Cattle, Country Produce, &c., Foreign and Domestic.

NEW YORK, June 19 .- To-day's stock market again reflected the constant watchfulness of the large professional traders for a reaction, the day's profittaking being on a very large scale. The net changes are very small, owing to the early buying movement, which carried the prices of most stocks quite sharply above last night's close. But the reaction brought about by the realizing movement, and by sympathy with the heaviness in Sugar, left most shares below last night's close. The trading was duil, and showed a very marked diminution in the range of activity.

The volume of the total dealings was small, and one third of the whole is credited to Sugar. Much of the selling of this stock was attributed to Washington orders, supposed to be based on information of the sugar schedule of the tariff bill being in danger in the conference stage. Chicago Gas showed a sharp fractional decline from the best price, detracting from previous tone of the market, which was quite firm. The selling of stocks on foreign orders caused a slight reaction. The Goulds were weak, and showed a wide recession, but Western Union railied; Lake Erie and Western, preferred, and Minnesota Iron registered an advance of two points each, and Chicago Gas showed Edlson Electric, of Brooklyn, 11-4. Sugar's extreme decline was 15-8, and the net loss was 11-8. The closing was firm, and closing prices, as a rule, were above the lowest, but net losses

were general throughout the list.
The feature of the week has been the The feature of the week has been the firm resistance of the market to the efforts at reaction of professional operators. On Tuesday and Wednesday there was continued heavy selling to realize, some of the largest operators on the floor being credited with a complete turn in their holdings. These traders based their action on the theory that reaction was overdue in the market, because the advance had been so steady and so long continued—for a month, practically, without a break. The manipulators for a decline had no ground in the general condition to offer as an argument, that condition continuing much as it had been ever since the advance began. Their effort to break the market proved a signal failure, and all joined began. Their effort to break the market proved a signal failure, and all joined the long side on Thursday. The change in the general level of the indicated by the comparison

market is indicated by the comparison of prices of some active shares at the close on Saturday, May 22d, and to-day. close on Saturday, May 22d, and to-day.
The advances are: New Jersey Central,
123-4; Sugar, 123-4 (dividend on): Consolidated Gas, Chicago Gas, and Burlington a fraction over 7 points each;
Rock Island and Tennessee Coal, over 6
points; Northwest, Delaware and Hudson, Missouri Pacific, and Western
Union, 5 points or over, and St. Paul,
Louisville, Leather, preferred, and Northare Pacific, preferred, over 4 points each.

Louisville, Leather, preferred, and Northern Pacific, preferred, over 4 points each. The number of stocks showing lesser gains increased, but with a few exceptions, all prices are higher.

Railroad earnings show improvements in that time, and the finances of the companies immediately concerned, are in better condition; but the higher prices quoted do not, by any means, represent the immediate return in money hoped for from shareholding in the companies. They must be accepted rather as the for from shareholding in the companies.
They must be accepted rather as the barometer of expected and hoped-for improvement in the business of the country at large. It is certain that the business

provement in the business of the country at large has not increased in the last month in the same ratio as the prices of stocks. But the firm resistance of the prices of stocks to reaction, and the readiness of buyers to take them at the existing level, is a measure of confidence felt that business is about to improve in proportion.

Probably the unimpeded progress of the tariff bill on the flual stage of its disposal has been the most encouraging to Wall Street of any one factor. The Hawaiian annexation treaty caused a momentary tremer to pass along the pocket nerve through the street, but the pocket nerve through the street, but the complacent attitude assumed towards the matter by the Powers of the world has quieted apprehension as to Japan's pro-

The latter part of the week shows some growth of apprehension over the new impetus given to the gold movethe new impetus given to the gold move-ment and the hardening of exchange, said to be due to the drawing of ex-change for tourist account, and for set-tiement of July dividend and interest interest in the securities held abroad. But Wall street has taken note of the fact that the gold reserve in the Treasury has remained almost stationary at a little above (and for two days a lit-tle below) \$144.00,600, ever since May 22d. The amount of specie held by the New York banks has increased since the date named from \$88,295,500 to \$90,600,200, held

change for tourist account, and for set change for set of the fact is part to the blow statement of the fact to bring the Treasury reserve to the lowest point it has reached in the present gold movement. The integrals of 122,600 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New for the form of 122,000 in the specie in New stern, preferred to the fact that the gold movement. The integrals and the species of 122,000 in the specie in New for the fact that the gold movement. The integrals and the form of 122,000 in the specie in New for the fact that the gold movement. The integrals and the form of 122,000 in the specie in New for the fact that the fact that the form of 122,000 in the specie in New for the fact that the fact tha

York banks this week, in view of the fact that \$60,000 in gold shipped on Thursday was all taken from the banks, worthy of note.

The week's advance in the prices of tooks has added significance from the fact that it has been made independently of London, where the dealings have been apathetic. The Grangers have been strong, and the gain in the group ave-rages over a point, St. Paul preferred leading, with 21-2. Cotton Oil preferred is 43-4 higher; Sugar, Cotton Oil, and Western Union 2 points or over, and a large number of stocks a point over. Declines were shown by Louisville and

tion. The values of the leading issues moved up materially on extensive purchases. Trading for foreign account was in considerable volume, but more centered in the low-priced lines. The speculation was very wide. Numbers of the hitherto neglected securities loomed into prominence. The variations in the giltedged issues were especially marked, with the St. Paul most control of the securities of the Raileous Rock. edged issues were especially marked, with the St. Paul mortgages scoring the extreme vibrations. The aggregate sales were \$10,445,000. The principal advances were: Susque-

hanna and Great Western, 7 per cent.; do., do., 2ds, 4; International and Great Northern 2ds, 5; Duluth and Iron Range, Brooklyn Rapid Transit 5's, Keokuk and Des Moines 1sts, Houston and Texas Central debenture 6's, Kansas and Texas 5's, Pittsburg and Connellsville listeds, St. Paul gold 7's, and Union Pacific sinking fund 8 trust receipts, 4 per cent, and over; Colorado Coal, Hocking Valley 5's, International and Grand Northern, 23's, St. Joe and Grand Island 1sts, Illinois Central 4's of 1951, Lincoln and Colorado 1sts, Louisville and Nashville 5's, Milwaukee, Lake Shore, and Western 1sts, New England Ts, Ohio and Georgia and Alabama com. Peoria and Western Ists, Utah South-ern General 5's, Northwest consol gene-ral 5's, and Rock Island, and the rest,

2 per cent. or over. The total sales of stocks to-day were 89 135 shares, including 25,400 shares of Sugar, MONEY AND EXCHANGE.

CHICAGO LIVE-STOCK MARKET.
CHICAGO LIVE-STOCK MARKET.
CHICAGO LIVE 19.—The usual Saturday dulness prevailed around the cattle-pens. Receipts were too small to make a market, and quotations as a consequence were almost altogether nominal. The few cattle offered for sale were taken at prices unchanged from yesterday. Receipts this week have been large, but the average quality is much poorsr than here-tofore, and lower prices have resulted.

In hogs, buyers took advantage of the big supply to force a further decline, and prices broke 507%c. Per 100 pounds, closing about 17%c. lower for choice droves than a week ago. This was the low day of the season, hogs selling about \$3.55, with the top sales early in the day.

In sheep, the supply was light, and most of the receipts were consigned direct to dressed-beef firms. Sales were at \$2.1563.65 for sheep, \$1.5023\$4.59 for yearlings, and \$3.50945.59 for spring lambs. Heavy sheep were the worst selers, lots averaging 1002150 pounds, selling at \$3.250 \$3.65.

Receipts: Cattle, 200 head; hogs, 22,000 head; sheap 200 head; hogs, 22,000 CHICAGO LIVE-STOCK MARKET. Receipts: Cattle, 200 head; hogs, 22,000 head; sheep, 2,000 head.
